

Material ESG aspects

Material ESG aspects

Our ESG strategy is built upon the understanding of the material ESG aspects for Foxway. Highlighted ESG aspects are relevant to Foxway and the industry across its value chain. Our materiality assessment is based on SASB's materiality map, expanded with Foxway's own materiality assessment (expert view).

	Upstream	Operations	Downstream
	Sourcing	Platform development & support	Logistics
			Client use
			End-of-life
