IT Asset Disposition (ITAD)

Bring new life to used devices

Foxway IT Asset Disposition (ITAD) makes it easier for you to bring new life to used assets in an environmentally friendly way, and profit from them.

The service makes us unique as the only provider in our region that globally handles the entire lifecycle of tech devices. Our biggest motivation is ensuring that devices provide higher value for your business for as long as possible.

Benefits:

Data Security
Our data erasure solutions guarantee complete, compliant data sanitization every time. Each data- bearing device receives a certificate of erasure or certificate of destruction.

QUALITY SYSTEM CERTIFICATION DNV ISO 9001
SAFETY SYSTEM CERTIFICATION DNV ISO 45001
INFORMATION SECURITY MANAGEMENT SYSTEM DNV ISO/IEC 27001
CERTIFICAZIONE DI SISTEMA AMBIENTALE DNV ISO 14001

Financial sharing model
With Foxway our customers achieve a positive use of money in the form of quarterly settlements.

Reports and insight
We grant our customers full access to the Foxway Partner Portal, achieving full control over their returned devices, both from an environmental-, economical-, and regulatory perspective.

Effective logistics
The customer dictates the delivery flow and packaging options in a self-service solution through our Partner Portal. Equipment delivery and pick-up are scheduled at a time convenient for the customer.

Resale
Our strategy is to extract the highest potential value from your used devices, by giving them multiple lifecycles through redeploying within the organization, or resale on the secondary market.

How does it work?

1.
Order a container of your choice

2.
The devices will be picked up and delivered to our premises

3.
Devices are decided whether they should be refurbished or recycled

4.
Financial settlement available in Partner Portal

Foxway
We Enable Circular Tech

Foxway Partner Portal

We have our own inhouse system and platform that combines all data. Foxway Partner Portal gathers all parts of the ITAD process in one place to ensure good performance and experience.

Foxway Partner Portal are providing a comprehensive overview of all submitted equipment and data erasure documentation. It also provides environmental reports, where the environmental savings are documented for our partners. These reports can be integrated into their ESG (Environmental, Social and Governance) reporting.

The reports provide:

Complete overview of devices down to serial number level

Device status: Resale/Recycled, Deleted/ Granulated

Financial settlement and sale prices for resale

Your company's environmental contribution
